

## EEN XML BESTAND CONVERTEREN NAAR EEN BOW BESTAND VIA JAVA TOEPASSING

De validatiemodule is een Java applicatie ontworpen door de FOD Financiën. Om deze module te doen werken, moet de JAVA software op uw computer geïnstalleerd zijn. Deze kan u gratis downloaden van het internet ([www.java.com](http://www.java.com)). Nadat u de Java applicatie hebt geïnstalleerd, kan u de validatiemodule belcotax.jnlp starten. In sommige gevallen verhinderen de veiligheidsinstellingen van uw computer dat de Java applicatie wordt gestart. In dat geval moet u de configuratie van de Java software aanpassen. Klik “Configure Java” in het zoekscherm van uw Windows pc. Ga naar de tab “Security” en klik op “Edit Site List” om <https://ccff02.minfin.fgov.be> toe te voegen aan lijst van betrouwbare sites.

**Important Oracle Java License Information**

**The Oracle Java License changed for releases starting April 16, 2019.**

The Oracle Technology Network License Agreement for Oracle Java SE is substantially different from prior Oracle Java licenses. This license permits certain uses, such as personal use and development use, at no cost -- but other uses authorized under prior Oracle Java licenses may no longer be available. Please review the terms carefully before downloading and using this product. An FAQ is available [here](#).

Commercial license and support is available with a low cost Java SE Subscription.
